South Pymatuning Township Continuation Meeting

The Continuation Meeting of South Pymatuning Township Board of Supervisors was held August 23, 2019 at 5:15PM in the municipal building with Chairperson Bill Klumph, Supervisor's Rose Lyons and Chuck Vranich.

The meeting was opened with the pledge to the flag.

The supervisors discussed the opening bids. Lyons said they would need an additional 320Tons if they didn't do the seal coat in the contract to fix the roads.

Bill Klumph made a motion to reject both bids it died for lack of second.

Klumph said they could do the work themselves and it wouldn't cost \$50,000.00 and Jon Wilson already approved that they could. Lyons asked Klumph for the prices of the cost for the township to pave. Klumph did not have the price. Lyons said our road crew employees are not pavers and it would take way to long to complete. Lyons said the employees can scratch pave areas and use the paver and roller for that but shouldn't be required to pave roads. Klumph said we will never have enough money to pave all the roads using contractors. Lyons said tell the public how much money we have to pave and that's all you do for the year but the roads will last longer being done by contractors. Lyons said a 10Ton roller is required to pave. Lyons said Sharon Paving's bid was \$103,387.70 and 320ton would be needed at \$74.95 a ton so the price would be \$94,576.90 which could save \$8,810.80 on the bid but suggested the township abide by the recommendation of Penn Dot and follow the bid package price to ensure the roads are done correctly. Lyons told Klumph he was the one who did the work without supervisor's approval and cost the township more money since the work wasn't budgeted for.

There was a bid revised by Kirila presented to the board which could not be accepted due to the bids acceptance being closed.

Rose Lyons made a motion seconded by Chuck Vranich to accept the lowest bid from Sharon Paving at \$103,387.70. Motion passed with Klumph voting no.

Klumph asked about the subdivision and told Vranich he already voted on it at the regular meeting on August 14, 2019. Vranich said he was blindsided and had little experience about subdivisions being approved and followed Klumphs lead. Vranich said he knows now it wasn't done properly. Lyons advised Alexander she was not a supervisor until January and that she had no

authority to tell her what to put on the agenda. Lyons explained the procedure of how subdivision is to be approved and that when a meeting is recessed it should be for what was announced at the meeting to allow the public to have public comment. Klumph said this meeting is adjourned and Lyons seconded the motion. The meeting ended at 5:45PM
